Okanagan College annually sponsors ROBOCUP ó a fun event which brings youth together to learn about science and technology í oh, yes, and play with robots. ASTTBC is the lead sponsor. Bruce Stevens, ASCT, Regional Manager, Okanagan, said, *“It was a delightful experience for all involved, with many kids clearly making the connection with technology education and a career as a technologist or technician.”* The event was also featured in the Kelowna *Courier* newspaper.

ASTTBC was well represented: <http://www.asttbc.org/docs/Robocup%202010.jpg>
