ASTTBC Presents Technology Leadership Award at MISTIC

Veteran Vancouver Island ASTTBC members Nancy Fowler, AScT and husband Bruce Fowler, AScT, Richard Cave, AScT (member of ASTTBC Council) and his wife Adele, and ASTTBC Media Relations Manager Garry Gaudet and his wife Janice enjoyed the “ultimate” MISTIC Awards Dinner at the Vancouver Island Conference Centre in Nanaimo on November 2nd.

Nancy (photo right) presented the highlight “ASTTBC Technology Leadership Award” to James Smith of the Comox Valley. Smith, at various times a chef, filmmaker/technician and more recently a realtor, has been working for three years on seeding a physical hub to serve as an Innovation Centre in the Courtenay/Comox area.

“Ultimate” dinner? Yes, indeed!

MISTIC is currently reorganizing and redefining itself to better serve its mission and goals under its new brand: “Innovation Island Technology Association”.
