

BLSC Newsletter Highlights ASTTBC Presentation to Government Committee

Gordon Gore, a Honourary Member of ASTTBC and Founder of the Big Little Science Centre in Kamloops; included in their October, 2013 BLSC Newsletter, reference to ASTTBC Executive Director's presentation to the Government Select Standing Committee on Finances.

"ASTTBC is a BIG supporter of BLSC and shares much in common with this small but mighty organization that works hard to excite young minds about science and technology," said John Leech. "It was great that Gordon (newsletter editor) made the effort to include ASTTBC in their newsletter."

See [BCLS NEWSLETTER](#) to read about the ASTTBC presentation and see how young people in and around Kamloops get hands-on experience with science. MANY photos tell the story.
