## **House Inspectors on CKNW – CAHPI(BC) Did a Great Job!**

The CKNW morning show host Philip Till talked house inspection on July 10, 2013. CAHPI(BC) President Craig Hostland and Inspector James Dobney were featured and did a great job in addressing the issues and suggesting how consumers should take care in selecting their house inspector.

"I am pleased that both ASTTBC and CAHPI(BC) are working to help the public understand why the BC Government has agreed to address serious issues with the current Regulation," said ASTTBC Executive Director, John Leech. "ASTTBC will meet with the new CEO for Consumer Protection BC this week and from that meeting get a bit better idea as to the way forward as we work collaboratively to improve the Regulation."
