

## **BIV-LNG Export Licenses Approved by Ottawa- ASTTBC Tracks LNG Developments**

Business in Vancouver has reported on four long term LNG licenses on the BC coastline; one in Squamish, two near Prince Rupert and a fourth in either Kitimat or Prince Rupert.

The federal government regulates the export of LNG and the BC Government regulates their operation. As a professional regulatory body

ASTTBC is monitoring large projects in BC, such as LNG, to determine the impact on Technology Professionals and issues such as skills shortage.
