

## **2015 AGM Early Bird Dave Boswell, AScT Gets Choice of Seats!**

ASTTBC AGM 2015 was a great success with 180 in attendance. "One of the best meetings ever" was heard from several attendees following the meeting. While it was not quite standing room only, it was a full house and early bird Dave Boswell AScT grabbed one of the first seats to be fully assured of a place in the room. "I looked for the chair with my name on it. On quick check I found no designated seat for me. In the absence of this personal attention to detail I decided for a seat on an aisle so as to permit easy exit if the meeting dragged on," said Boswell. "But the meeting was just the opposite, with stimulating reports outlining the many successes of ASTTBC over the past year. I will be back in 2016 and invite many more to join us."

Look to the August issue of the eNEWS for more feedback we received from members attending the 2015 AGM and Professional Development Day.
