

## ASTTBC Meets Camosun President Sherri Bell

Camosun College hosted a special donor recognition celebration and ASTTBC was there!

ASTTBC Secretary Treasurer, Sarah Campden, CTech, RTMgr (right in photo) and ASTTBC Councilor David Sparanese, AScT, CPWI 3 attended the special reception and took a moment to chat with the newly appointed President, Sherri Bell.

"David and I congratulated Sherri on her new position with the College and asked how she was enjoying her new role as head of Camosun College," said Campden. "We let her know that we work with Camosun Grads all the time in our industry and highly value their skills." David Sparanese echoed these thoughts and indicated his experiences with Camosun and their graduates has always been top notch.

Sherri Bell joined Camosun after a successful career as a senior leader, master teacher, university instructor and principal in the education system, most recently as Superintendent of Schools for the Greater Victoria School District.

Sarah concluded by noting that she was fortunate to present an ASTTBC award to a Camosun technology student in June and the graduate is now working with her at Herold Engineering.
