

CSA Technical Committee Seeks Members

The CSA *Technical Committee on Bituminous Roofing Materials*, responsible for the development of the CSA A123 series of standards, is seeking new members who represent the regulatory point of view.

This committee typically meets twice a year at the CSA offices in **Toronto**; however, participation via teleconference and WebEx is always an option.

Anyone interested in getting involved in the development of standards for the roofing industry is encouraged to contact:

Ana-Maria Tomlinson, Ph.D.
