ASTTBC Members Encouraged to Submit Entries for Georgie Awards®

The Georgie Awards®, operated and hosted by the Canadian Home Builders' Association of BC, are recognized both provincially and nationally as the residential construction industry's most prestigious awards program. The annual Awards honour outstanding excellence in all areas of building including planning, design and construction, renovation, marketing, innovation, special achievement and more.

Submitting an entry for the Georgie Awards® provides a tremendous opportunity to showcase projects, innovative designs and the high standard of quality that conveys a company's level of commitment and professionalism to customers while gaining valuable exposure.

ASTTBC encourages all its Members that are eligible to take advantage of this opportunity to highlight their commitment to building excellence!
