Herold Engineering Celebrates 20 Years!

2015 marks 20 years of Business for Herold Engineering. Starting out with a one man office in Nanaimo, Herold Engineering now has additional branches in Victoria and Fort Nelson.

John Leech recently visited Sarah Campden, CTech, RTMgr, who works for Herold at their Victoria office. Sarah is the Secretary Treasurer on ASTTBC Council and a project manager for civil engineering projects at Herold. It was at this meeting that John learned that Herold Engineering is celebrating 20 years and shortly after he connected with Herold Principal, Mike Herold, PEng, Struct. Eng., M.I.Struct.E, LEED AP to learn more.

"Herold Engineering is very excited to be celebrating our 20th Anniversary," said Mike Herold. "We are proud to have been able to work collaboratively with so many members of ASTTBC over all these years." In its first 20 years Herold Engineering has received awards from a number of groups including LEED Canada, Canadian Green Building Council, City of Nanaimo, Vancouver Regional Construction Association and Nanaimo Chamber of Commerce. Herold Engineering was a 2014 recipient of the [ASTTBC Employer Award for Career Enhancement and Success of Technology Professionals](#)
