

MLA Mike Morris Speaks at ASTTBC Meeting

MLA Mike Morris, Prince George-Mackenzie addresses ASTTBC Member Meeting

Mike Morris, MLA for Prince George-Mackenzie, attended and spoke at a recent ASTTBC meeting in Prince George. Mike talked about technology careers in the resource and other sectors and pointed to the significant contribution made by technologists and technicians. Mike has taken time since being elected in 2013 to come to know ASTTBC, and the role ASTTBC members play and the impact their contribution makes to public health and safety and to a strong infrastructure for the province

“I value the work of ASTTBC members and what you do for this region and for the province,” said Mike. “I know you enjoy rewarding careers and that every day you make a difference in people’s lives.”

Many guests attended the Prince George meeting including City Councillor Garth Frizzle, who sent ASTTBC CEO, John Leech the following note:

“Thank you very much for hosting us again. Having ASTTBC present in our community for these breakfasts is important to us all.”

ASTTBC will continue throughout the year to reach out to ASTTBC members and their communities with future ASTTBC member meetings.
