

ASTTBC Sponsors BC Science Teachers

ASTTBC once again sponsored the Catalyst Conference hosted by the BC Science Teachers Association.

Graham Rainey, President of BCScTA, sent a note to ASTTBC Manager, Marketing and Communication, Anne Sharp, saying, *"Thanks ASTTBC, on behalf of the BCScTA Executive, for the continued sponsorship of our Catalyst conference."* Graham noted that the conference attracted over 450 teacher delegates. *"Sponsorship allows us to offer a high quality professional development experience to teachers at a price that is affordable,"* concluded Ramsay.

ASTTBC has a long standing relationship with the BCScTA, supporting that Association's efforts to promote Science, Technology, Engineering and Math (STEM).
