

Science World's Bryan Tisdall Receives Honourary Membership in ASTTBC

Bryan Tisdall, President and CEO at Science World (right) receives Honourary Membership from ASTTBC President Dave Rutherford

The President and CEO of Science World, Bryan Tisdall, received his Honourary Member certificate at a recent meeting of ASTTBC Council.

“Bryan is an ideal candidate for Honourary Membership in ASTTBC,” said President Dave Rutherford in presenting the award. “Bryan’s leadership has gone a long way to promote science and technology; to excite young minds about the wonders and real applications of science, technology, engineering and math (STEM)”.

Bryan is a member of ASTTBC’s Technology Education and Careers Council (TECC) and serves in many capacities in support of science and technology awareness across BC.
