

New Immigrants: ASTTBC is Ready

For several years ASTTBC has been working with the BC and federal governments to enhance the Association's positioning to more effectively address newcomers to Canada. Changes to certification policies, putting in place software programs to assess credentials based on competencies, and resources such as career information, videos, and much more have been part of this work.

"ASTTBC is leading in many ways when it comes to credential recognition of Internationally Trained Technology Professionals," said ASTTBC CEO John Leech. "This would not have been possible if it were not for the partnership ASTTBC has with the BC Ministry of Jobs, Tourism and Skills Training."

Visit the [ASTTBC WEBSITE](#) to view the many services available to new immigrants.
