

ASTTBC Celebrates National Volunteer Week

Where would we be without volunteers? The common denominator for all ASTTBC volunteers is their commitment to maintaining the quality of ASTTBC membership, and to protecting the wellbeing of the public. *National Volunteer Week* (April 10 – 16) is an opportunity for us to thank all our volunteers for their valued support.

Each year, more than 250 ASTTBC members volunteer their time and expertise for the greater good of applicants, employers, the public, government and their communities in BC.

Volunteer activities at ASTTBC range from representing ASTTBC at annual events in the science and technology community to meeting with politicians and senior officials in provincial, federal, municipal and even international governments. The ASTTBC Boards are made up of volunteers who are the backbone of the Association -- we couldn't do it without **YOU!**

ASTTBC volunteers are integral to achieving the Association's mandate across British Columbia. We take this opportunity during *National Volunteer Week* to let you know how much your contributions are appreciated and to say THANK-YOU!
