Building Regulatory Changes-White Papers & Survey ASTTBC Concerns & Preliminary Comments

ASTTBC members are encouraged to review this information as it could affect your career and professional standing.

The BC Government has issued a white paper calling for the licensing of building officials... and suggesting a special status for engineers and architects, to the exclusion of ASTTBC members.

YOUR ATTENTION to this is required **BEFORE APRIL 15**. It is **SUGGESTED** that you not leave this to the last minute as some reading is required before taking the survey.

To view the papers and take the survey click here: <http://www.asttbc.org/docs/BOABCwhitepapers.pdf>

THANKS for taking the time to engage on these important issues.
