Electrical Work Practitioner Program-Revised Policies- May 11, 2012

Much work has been done since the September 2011 DRAFT Policies (Draft #2 was an internal document and was not posted).

The May 11, 2012 REVISED DRAFT Policies (#3) are now posted for your review on the Electrical Work Practitioners web page http://www.asttbc.org/registration/technical_specialists/ewp.php

We welcome input from all interested parties. Little change was made to the substance of the Policies, and most revisions are house-keeping, re-ordering, and removing duplication.
