

## **ASTTBC Staff Appointments March 2014**

---

With Ron Hein, ROWP stepping down as Manager, Onsite Wastewater Registrations to focus on his role as Director, Practice & Compliance at ASTTBC, we are pleased to announce the addition of 2 new members to the Onsite Wastewater Group.

Effective immediately, Bob Burns, ROWP is the new Manager of Onsite Wastewater Registrations and Jim Andersen, ROWP, DipIT is the Compliance Officer for the Onsite Wastewater Program.

### **Bob Burns, ROWP – Manager, Onsite Wastewater Registrations**

Bob Burns is a Registered Onsite Wastewater Practitioner with over 25 years of experience in the industry. His dedication to public safety and commitment in service delivery has captured the attention of many including the Ministry of Transportation and Infrastructure and Health Canada. Bob has shared his vast knowledge through educational training and assistance at BCOSSA and BCIT as well as provided strong leadership to the ASTTBC Onsite Wastewater Registrations Board as past-Chair. Bob's dedication and commitment to ensuring public safety continues as he embarks upon his new role as Manager, Onsite Wastewater Registrations.

### **Jim Andersen, ROWP, DipIT - Compliance Officer, Onsite Wastewater Program**

Jim Andersen is a Registered Onsite Wastewater Practitioner with over 35 years of experience in the industry. Starting out in excavation, trucking, and general contracting, he quickly expanded his career to include education and training, mentoring, and inspection. Over the years, Jim has delivered educational and training services for various institutes including the BC Road Builder's and Heavy Construction Association, BC Industry Training Authority, Northwest Community College, Abbotsford School District, BCOSSA, and Thompson Rivers University. His impressive professional work experience, including past-Chair on the ASTTBC Onsite Wastewater Registrations Board, will be truly beneficial in the continued enhancement of professional regulations in the Onsite Wastewater Program.
