## **BCIT and ASTTBC Renew Memorandum**

The BC Institute of Technology and ASTTBC recently renewed a Memorandum in which the two organizations agree to cooperate and collaborate in the promotion of technology education and careers.

BCIT President Don Wright (left) and ASTTBC Executive Director John Leech signed the MoA at a recent meeting of the Technology Education and Careers Council (TECC) on which Don Wright serves as a member <http://www.asttbc.org/careers/tecc.php>

“ASTTBC and BCIT enjoy a strong working relationship,” said Executive Director John Leech. “As a BCIT grad and former member of the BCIT Board of Governors I know first-hand the quality education and training offered at BCIT. BCIT assists ASTTBC on a number of fronts including making registration as a Student Member seamless. ASTTBC is a major champion in BC for technology education and careers. “Our partnership is decades old and has shown much progress over the years,” concluded John Leech who also served two separate terms as President of the BCIT Alumni Association and is a supporter of the BCIT Foundation.
