Big Little Science Centre Moves and Seeks ASTTBC Help

The Big Little Science Centre, based in Kamloops, is relocating and is seeking the support of ASTTBC members in building greater awareness through Trip Advisor. See [MESSAGE](#) from Big Little.

"I encourage all ASTTBC members, family and friends to log on and support this greater Centre," said ASTTBC's Executive director, John Leech. "ASTTBC is a lead supporter and sponsor of Big Little, with ASTTBC providing over \$25,000 in sponsorships and contributions in the past 4 years." The Big Little Science Centre does a great job of exciting young minds about science and technology. "ASTTBC encourages all School Districts in BC to develop a program similar to Big Little," concluded Leech.
