Embracing Cultural Diversity in BC Workplace

ASTTBC supported this initiative and will be recognized as a supporter / contributor.

This year's project will:

- continue to develop the materials and resources of the www.getintheknow.ca website;
- further promotion and linkage to related sites through www.getintheknow.ca;
- provide further training sessions which have been extended to new audiences and will cover additional communities; and
- work with the Advisory to develop a Strategic Plan that will sustain the project beyond this 1 year funding envelope.
