BioMedical Tech Dave Gilbert, AScT Visits ASTTBC Office

ASTTBC is reaching out to Biomedical Engineering Technologists and Technicians (BMET) to engage these practitioners on the Electrical Work Practitioner Program and to enhance professional recognition of BMETs.

"I was pleased Dave Gilbert (left in photo) took the time to meet with me to initiate a dialogue about important issues of interest to BMETs," said Executive Director, John Leech. "BMETs provide a critical service within the health care environment, assuring public health and safety." Dave is Supervisor, Biomedical Engineering Surrey Memorial Hospital - Fraser Health.
