Lee Rowley, PEng, accepted an Employer Award on behalf of Herold Engineering at ASTTBC's Technology Awards & Recognition Celebration (TARC). The ceremony took place at Vancouver's Westin Bayshore Hotel on November 1st.

ASTTBC's Employer Award recipients are chosen for creating work environments that encourage the career success of Technology Professionals.

Herold Engineering Limited is a consulting civil and structural engineering company with a current staff level of 60 employees, including 23 structural engineers, five civil engineers, and 13 ASTTBC members. Originally a Nanaimo-based firm, they have now expanded with offices in Victoria and Fort Nelson.

They have a mix of public and private sector clients and are actively involved in a wide variety of building, civil, marine, transportation, and industrial and municipal infrastructure projects throughout the province, with the majority of their work on Vancouver Island. Staff consists of highly skilled professionals and the firm continues to grow and expand its services throughout the province.

Herold Engineering Limited has worked on several award-winning projects, most recently in 2012 and 2013, when their projects won WoodWORKS BC Design Awards.

They believe their success is based on their excellent staff. Herold Engineering actively encourages ASTTBC registration, supporting all members of the team in reaching their full potential.

ASTTBC was very proud to celebrate Herold Engineering's achievements with a 2014 Employer Award. Congratulations!
