ASTTBC ITP Mentoring Program on Right Track

ASTTBC's Mentoring program, in partnership with IEC-BC and a variety of service providers (see descriptions on the [ITPBC.ca Links tab](#)) is moving toward a wrap-up the first group of Mentor-Mentee pairs. Coaches report that all the relationships have produced excellent results so far, and we look forward to being able to report a thoroughly successful first outing!

We very much hope that the program will expand, and that more ASTTBC members will offer their services as Mentors for the next round, probably in May or June. Check out the [video](#) link on [ITPBC.com's Mentoring page](#) and see if Mentoring is something you would want to do. A lot of new ITPs, members and non-members, could sure use your help!
