## **Minister Shirley Bond Introduces Limitation Act-ASTTBC Applauds**

The BC Government introduced Bill 34, the *Limitation Act*, initiated after extensive policy review and broad consultations carried out to determine how best to modernize this important area of law.

ASTTBC made several submissions to Government proposing changes to the statute to bring it into closer alignment with other provinces. *"The changes to the Limitation Act define, among other elements, the ultimate limitation period, now much more reasonable for professionals such as ASTTBC members,"* said ASTTBC's Executive Director John Leech. *"I congratulate Minister Shirley Bond for bringing about the change and MLA Ralph Sultan, PEng, for his lead role in advocating for the legislation."*
