Sci-Tech Awards – ASTTBC Sponsors Leadership Award

The Sci-Tech Awards dinner will be held October 27 in Fort St John and ASTTBC is sponsoring the **Technology Leadership** award. ASTTBC members are invited to attend this event and learn about the many innovations taking place in Northern BC. "It was great to be in FSJ last week and meet with members. During the Energy Conference I connected again with a few members who are obviously quite involved in community business," said Executive Director, John Leech who hosted a member meeting on October 12th in FSJ. John is encouraging members to get involved with Sci-Tech in promoting technology education, careers and innovation in FSJ and northern communities. Leech concluded by saying, "I can assure members that ASTTBC will be more engaged and visible in northern BC in the years ahead." John hopes to be up in northern communities in March of 2011. Sci-Tech is a regional science and technology council. To REGISTER for the Sci-Tech Awards go to <http://www.scitechnorth.bc.ca/2010-excellence-innovation-awards>
