## **ASTTBC CEO – ‘Other Duties...’**

For most position descriptions, there is the catch-all line 'and other duties...'. So it is at ASTTBC as is evident by Executive Director John Leech with shovel in front of ASTTBC building during the recent dump of snow.

ASTTBC is pleased to note that 2 decades ago we purchased our own building, a real legacy for the Association. ASTTBC is the only technology professional association in Canada to acquire its own property. The mortgage-free building was recently assessed at just over \$1 million.
