ASTTBC is 9th Largest Professional Association in BC

Business in Vancouver magazine lists ASTTBC as the 9th largest professional association in BC. "ASTTBC slipped one from 8th position which we held in recent years due to a revision in how we calculate total numbers. We realized that some members were being counted twice when they are registered as AScT or CTech and also hold a technical specialist designation," said Registrar Charles Joyner. The list also shows some of the annual fees, with ASTTBC (\$334 for AScT and CTech) reasonably positioned relative to comparable organizations like APEGBC (\$386 for PEng) and ABCFP (\$511 for RPF and \$480 for RFT). Some of the groups listed have a different mandate than a self-governing professional association.
