

... a great place to live, work & play

One of the sunniest regions in BC's Lower Mainland, Delta embraces three unique communities - Ladner, North Delta and Tsawwassen. The Corporation of Delta is looking for dedicated individuals to join our team and share in our commitment to lead the way in public service excellence.

Engineering Technician 2 - Utilities Planning

The Utilities Division of the Engineering Department is seeking a skilled technical engineering work at the sub-professional level involving the design of municipal engineering services to conform to sound engineering and economic principles. The work involves the development and maintenance of the long range utilities plans including system modeling, assistance in budget preparation, and the preparation of request for proposals, reports, memos and letters. In addition, the incumbent performs design and layout work; prepares cost and quantity estimates; conducts field inspections; supervises on a project basis, the work of junior design and drafting staff; and provides a variety of information and assistance to internal and external contacts. The incumbent exercises considerable independence of judgment and action in the performance of design and related work within established guidelines.

Desirable Training and Experience

Graduation from an institute of technology with a diploma in civil engineering plus sound experience in the engineering design field, preferably within the municipal sector OR an equivalent combination of training and experience

Required Licences, Certificates and Registrations

Valid Class 5 BC Driver's License

Certification as an Applied Science Technologist within the Province of British Columbia
