

JOB OPENING FOR: STRUCTURAL SITE INSPECTOR

Our firm is currently looking for a structural site inspector. If you're looking to expand your experience in a dynamic and exciting work environment, we'd like to hear from you! Please email your resume to [**careers@wsb-eng.com**](mailto:careers@wsb-eng.com).

Qualifications and requirements

- ASTTBC Diploma of Technology or a Bachelor's in Civil Engineering Degree.
- 2 years of construction site experience, including field reviews during construction.
- Excellent verbal and written communication skills and ability to work with internal staff, clients and construction site personnel.
- Ability to accurately read and interpret drawing plans.

The daily tasks expected from the successful applicant are as follows:

- Conduct reinforcing steel field reviews, before each concrete pour.
- Review structural member dimensions.
- Conduct structural steel and decking field reviews, before covering up.
- Conduct masonry and reinforcing steel field reviews, before grouting.
- Conduct wood framing & light gauge steel studs field reviews, before covering up.
- Check for any design deficiencies that may become apparent during construction.
- Prepare a handwritten review report for all site reviews.
