

Job Title: Civil Engineering Technologist

Number of Positions Available: 2

Job Locations: Penticton, BC

Ecora Engineering and Resource Group Ltd. (Ecora) is a British Columbia employee-owned civil, geotechnical, and structural engineering, natural resource and environmental consulting company that is committed to creating and delivering quality products to our valued clients. Ecora's team has extensive experience in municipal infrastructure design, road works, geotechnical and structural engineering, providing consulting services to provincial government, municipalities, first nation communities, architects, developers, and contracting firms throughout the British Columbia interior.

Ecora is seeking Civil Engineering Technologist's to join their expanding group in Penticton, BC. This is a permanent, full-time position with competitive remuneration and benefits. This is an opportunity to grow with an emerging dynamic company.

The successful candidate will possess the following skills:

- Completed diploma in Civil Engineering Technology
- Minimum 2 years' experience in civil engineering or related field
- Extensive knowledge of drafting using AutoCAD Civil 3D
- Construction survey, supervision and contract administration experience
- Strong knowledge of Microsoft Office applications
- The ability to manage multiple projects and work independently under minimal supervision
- A safety orientated attitude with a strong work ethic and desire to excel and achieve
- Excellent oral and written communication skills
- Ability to work independently or as part of a team
- Experience interfacing with clients and contractors
- Have a Class 5 driver's license and clean driving record
- Must be legally eligible to work in Canada
- Must be certified with ASTTBC or be eligible for certification with ASTTBC
- Previous experience conducting materials testing

Other Desirable Skills:

- Structural and Architectural drafting
- Strong knowledge of material testing in laboratory and field work
- ASCT certification or eligible to register
- Experience interfacing with clients and authorities

Responsibilities:

- Construction survey duties (Layout, Topography, Asbuilts)
- Drafting and residential developments
- Performing field reviews

Applications:

Please apply via email with a cover letter and resume to admin@ecora.ca on or before August 20th, 2017. Thank you for your interest in Ecora Engineering & Resource Group Ltd. Only qualified candidate's currently residing in Canada will be considered for this position and only those short listed will be contacted for an interview.
