

BUILD A CITY. BUILD A FUTURE.

TRANSPORTATION TECHNOLOGIST – ENGINEERING ASSISTANT 3

(Regular Full Time)

As one of the fastest growing cities in Canada, City of Surrey is a globally recognized leader in building vibrant, sustainable communities through technology and innovation.

City of Surrey employees are talented innovators, inspired by meaningful work and the opportunity to drive our city—and their careers—forward. **Build a City. Build a Future** at the City of Surrey.

This is a senior technical, administrative and supervisory position providing support and assistance to senior staff in administrative responsibilities, and performing complex technical work related to the completion of a variety of City engineering activities and projects in a relevant area of civil engineering.

RESPONSIBILITIES

You will perform moderately complex technical duties within a dynamic and fast-paced working environment in support of the development and completion of the City's strategic transportation initiatives and programs including:

- Review of engineering designs;
- Coordination of project team work flow and associated project management duties;
- Preparation of modest scope technical documentation;
- Undertaking of policy and technical research and assessment for public and Council presentations;
- Act as a key person responsible for liaising and co-ordinating with internal staff, external agencies including TransLink and the Ministry of Transportation & Infrastructure and responding to enquiries from consultants and the public.

QUALIFICATIONS

The ideal candidate will have a keen interest in all aspects of urban multi-modal transportation and enjoy working in a collaborative and high performing environment. Superior organizational, interpersonal and communication skills, both written and spoken; a sound knowledge and ability to operate computer equipment and software as applied to the work performed. Proficiency in Microsoft Office, Excel and PowerPoint is required. You must possess the ability to communicate and respond effectively with a wide range of individuals and groups including the general public, internal staff and external agencies.
