

ARCHITECTURAL OR ENGINEERING TECHNICIAN - TECHNOLOGIST POSITION

GHL CONSULTANTS LTD is a Vancouver based consulting Engineering firm specializing in Building Codes and Fire Protection. GHL offers the opportunity to grow professionally and work on exciting building projects across Canada. Current projects include the following:

- Mass Timber High-Rise Projects
- Vancouver Urban Resort and Casino
- The Exchange Redevelopment
- Manulife Tower
- Tsawwassen Mills
- Trump Tower, Vancouver
- Station Square
- Craft Beer and Distillery
- Guildford Town Centre
- MMPR Facilities

We are currently looking for a Technician or Technologist position to assist with Building Code compliance reviews. The successful individual will work with engineers and architects to develop alternative solutions which may involve analysis, fire modeling, or field testing, as well as perform drawing reviews, existing building reviews, and field reviews.

The position requires a working knowledge of Part 3 the BC Building Code and background to conduct review of drawings. The applicant should be a Technician or Technologist with having experience in CAD. The applicant should be able to communicate effectively (both verbally and in writing) with architects, engineers, Building Code Authorities, and contractors.

GHL offers a positive work environment that recognizes the importance of career development, opportunities for advancement and a competitive compensation and benefits package

If you have the right skills and experience and are interested furthering your career in a dynamic work environment, please submit your resume along with a cover letter in confidence to:
