

INSPECTOR

When it comes to construction, you're a leader, not a follower. You can assess an active construction site with confidence. You're comfortable around equipment and you work well with contractors. You're straight to the point, but you listen too. You are forthright as you represent the project owner. You strive to make sure the job is done right the first time.

Binnie is looking for an Inspector to join our Landscape Architecture, Sports & Recreation (LASR) Division full-time in our Burnaby office, located near scenic Deer Lake. Our LASR Division is a leader in providing planning, design and construction administration services for outdoor sports and recreation facilities, including sports fields, running tracks, as well as park and trail projects. We work with municipalities, School Districts, and other organizations throughout BC.

You will work alongside a talented group of experienced professionals in the civil engineering and landscape architecture fields. You will work closely with internal and external stakeholders to successfully deliver construction support services on projects of various size and complexity.

You will utilize your strong background in construction inspection to observe and inspect works and keep accurate, up-to-date as-constructed information as work progresses.

YOUR ROLE:

- Completing and reporting on-site inspections
- Preparing and updating as-constructed field record drawings
- Notifying the Project Supervisor or Contract Administrator of potential problems and liaising with municipal inspectors and outside agencies
- Addressing and dealing with residents' concerns in a timely manner
- Abiding by Binnie's established procedures and complying with Binnie's Safety Program

WHAT YOU BRING:

- 1 to 2 years of previous experience in inspection in a civil engineering environment
- Confidence working in a construction setting
- Completion of a Degree or Diploma in Construction Inspection, Civil Engineering or a related field
- Registration with the Public Works Association of B.C., or eligible for registration
- Valid Driver's License and personal vehicle for travel to job sites
- Familiarity with the tendering process and construction contracts
- Strong organization and time management skills
- Ability to effectively handle multiple projects and deadlines

- Ability to communicate effectively with colleagues, contractors, and clients

ABOUT BINNIE:

We are the people behind the infrastructure you use every day. We're small enough to know each other's names, and big enough to be where we're needed. As an employee-owned firm and one of Canada's Top 100 Employers, we take pride in our work and are respected as one of the top engineering firms in British Columbia. From the Pan Am Games, to the MRC Sports Complex, to Spirit Trail, our LASR team has delivered projects that are enjoyed by athletes and communities across BC, and beyond.

We're looking for professionals who want to build careers and communities that last. We can't do it without you.

THE PERKS:

People come first. We support you with the education, mentoring, and growth opportunities you need to build an interesting career. As an employee-owned firm, we create a clear internal growth path that can keep up with even the most ambitious professionals. Whether it's soccer or coffee clubs, hockey pool, lunchtime yoga, Movember or Bowling for Big Brothers, everyone can get involved in their own way.
