The Cariboo District Team is seeking a new member for the role of Area Manager, Roads in the beautiful city of [Quesnel](#). If you have a background in road maintenance, construction or bridges, enjoy interacting with people and being a member of a positive team, you'll want to take advantage of this opportunity.

The primary function of the District is to ensure the safe and efficient movement of goods, services and people in a given geographic area. The District administers the road and bridge maintenance contracts, provincially totalling \$320 million annually, portions of the rehabilitation program, development approvals and support for the provincial capital program. The operations of each District support the growth and development of the provincial economy. District operations are a direct link between the ministry and the public/stakeholders providing a key transportation link in a multi-modal environment.

The Area Manager, Roads will identify overall program priorities and to ensure the preservation and improvement of the road infrastructure for the safety and convenience of the travelling public. In unison with the Operations Manager, the Area Manager acts as the local ministry representative with stakeholders on highway operations related issues and customer service delivery within their assigned area.

**Qualifications for this role include:**

- Secondary School graduation or equivalent and a minimum of five years' related experience; OR,
- Diploma from a recognized Institute of Technology in a related field of study and a minimum of 3 years' related experience; OR,
- University or college degree in a related field of study and one year of related experience; OR,
- Professional Engineer and one year of related experience.

**Additional Requirements:**

- Valid BC Class 5 Driver's Licence in good standing.
- Successful completion of the Area Manager Roads certification program

**NOTE:** The Area Manager Certificate of Completion through BCIT (or another technical institution) is required to be appointed to the AO 24 level. Successful applicants who have not received a certificate of completion must complete the certificate within one year and will be under-implemented at the AO 21 level until completion.
