Cascadia Windows and Doors is seeking an ambitious person to join our technical sales support team, focused on our Cascadia Clip® technology. Cascadia is a growing manufacturer of fiberglass windows, doors, and fiberglass construction products. We are located at #101 – 5350B 275 Street, Langley, BC.

Position: Technical Representative – Cascadia Clip®

This is an exciting, mid-level position, with multiple career advancement opportunities.

Required

- Own vehicle, valid driver's license and passport. Use of own vehicle is compensated per km. Included: occasional out-of-town travel opportunities, start after reasonable training period. Frequency: approx. once monthly. Duration: a few days in the work week.

Desired experience & education

- Experience in the construction industry, preferably with a focus on building envelope
- Education in architecture and/or building technology
- Moderate (or better) skill with Microsoft Word, Excel and PowerPoint

Additional valuable knowledge, education and experience

- Education in building envelope technology / building science
- Professional sales experience
- Presentation skills
- AutoCAD experience

Description of Role

- Product support for incoming client technical questions.
- Promotional/technical presentations to building design community.
- Occasional attendance at site mock-ups with contractors.
- Assisting with developing new written marketing materials.
- Assisting with preparing reports, and other tasks as needed.
