Lang Structural Engineering Inc. is an established mid-sized structural engineering consulting firm located in growing, but still affordable Abbotsford, BC. We are seeking a structural technologist for full time employment. The successful candidate will possess:

- A diploma in Civil /Structural Engineering Technology
- 1 or 2 years experience in AutoCAD and Microsoft Office
- 1 or 2 years experience in design of steel, wood and concrete
- Ability to read and interpret structural and architectural drawings
- Experience working with the National and BC Building Codes
- Ability to work within tight deadlines/schedules
- Construction inspection experience is an asset
- AScT BC membership an asset but not essential
- Excellent communication skills.
- Valid BC driver's license and access to a vehicle

Remuneration is negotiable depending on experience and a benefit package is available. E-mail resumes in confidence to [james@langeng.com](mailto:james@langeng.com) We thank all applicants in advance for their interest. Only those applicants who are shortlisted will be contacted.
