

Career Opportunity

Position Title	Civil Engineering Technologist
Status	Full-time, permanent
Location	Duncan, BC

Overview

McElhanney Consulting Services Ltd. seeks an **Intermediate Civil Engineering Technologist** for our Duncan branch. The incumbent will use their strong technical skills on a variety of design and construction projects.

Responsibilities

- Assist in the production of engineering designs and drawings that meet all client and approval agency requirements and standards
- Transform preliminary concepts and sketches into engineering designs, plans and project informational requirements, using primarily Civil 3D, as well as other technical software as needed
- Coordinate the preparation of documents required for approvals, prepare development and construction cost estimates and tender documents and contracts, and coordinate with other team members to ensure schedules, budgets and quality control standards are achieved
- Identify field and design issues and facilitate corrective measures
- Liaise with contractor, client and affected stakeholders during construction operations
- May supervise and/or provide training and mentorship to junior technical staff.

Requirements

- Diploma in Civil Engineering or Drafting related Technology with a minimum of 5 experience in municipal/civil design and construction inspections
- Registration as a A.Sc.T, or other technical accreditation, is an asset
- Advanced proficiency in Civil 3D Software is essential
- Attention to detail and excellent communication skills (verbal & written); ability to produce accurate field notes
- Ability to work independently and also within a busy and high-performing team
- Experience training/supervising junior technical staff is an asset

If this is the opportunity for you, visit www.mcelhanney.com/careers to apply online. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.

Established in 1910, McElhanney is a Canadian employee-owned company offering top-quality engineering, surveying, mapping, planning, landscape architecture, and environmental services. At McElhanney, you are working within a strong team that is well-established in the local industry. Our employees value working here because of our varied projects, high levels of autonomy, opportunities for career development, excellent total compensation and benefits package, and great team of professionals.

Duncan is the unofficial capital of the Cowichan Valley, a fertile crescent of rich farmland, lush vineyards, heritage river systems, and scenic back roads in the south-eastern corner of Vancouver Island. Dubbed the "City of Totems," Duncan has more than 80 First Nations carvings located throughout town, and is also home to the Quw'utsun' Cultural Centre. Duncan is also known for great shopping and dining, the Saturday Farmer's Market, Aboriginal experiences, BC Forestry Discovery Centre, and its historic old-town quarter.

McElhanney is proud to be an Employment Equity employer.
