

Municipal Construction Inspector | Calgary or Edmonton

GHD is one of the world's leading professional services companies operating in the global markets of water, energy and resources, environment, property and buildings, and transportation.

***Privately owned by our people**, GHD provides engineering, architecture, environmental and construction services to private and public sector clients across five continents. Focused on creating lasting community benefit, our connected global network of 8500 people delivers projects with high standards of safety, quality and ethics.*

Committed to sustainable development, GHD improves the physical, natural and social environments of the many communities in which we operate

The recent increase of new water projects had created the need for an **Intermediate / Senior Municipal Construction Inspector** with strong water and wastewater construction experience. The ideal candidate should have strong technical experience as well as problem solving ability and interpersonal skills to be able to professionally deal with contractors and clients.

Willingness to travel to various construction sites in Alberta and BC is required.

This position is being offered as a casual or part-time opportunity between the months of April to November.

Responsibilities will include:

- Conduct municipal infrastructure site inspection (water and wastewater infrastructure including liftstations, pumpstation, Treatment plants, watermains, sewers, and collection systems).
- Inspect contractors' work for conformity to plans, specifications and regulations.
- Examine/inspect field conditions and identify problems, inaccuracies, and cost saving measures that arise or that may be encountered and take corrective actions as needed.
- Liaise with the contractor, utility agencies, sub-consultants, and client, as well as handling all public relations.
- Attend and participate in construction progress meetings
- Assist with Contract Administration including the preparation of monthly payment certificates and contract change orders.

Skills, Experience and Qualification:

- Diploma in Civil Engineering; Certified Technician or Technologist or eligible for registration with ASET in Alberta or ASTTBC in BC;
- Minimum of 7 – 10 years' experience of municipal construction experience.
- Outstanding interpersonal, strong communication skills (both oral and written) and ability to work under tight deadlines
- Proven supervisory experience and experience in mentoring and supervising junior and Intermediate Engineers and Technologists

We offer a professional working environment and culture and believe that work/life balance contributes to the success and happiness of our people. We also offer competitive salary packages based on qualifications, skills and experience.

As a multicultural organization, we encourage individual achievement and recognize the strength of a diverse workforce. GHD is an equal opportunity employer. Upon request, GHD will provide reasonable accommodation for applicants with disabilities throughout the recruitment and selection process.
