

Civil Engineering Technologist

Calgary, AB

About the Opportunity

Our fast-paced Calgary office is looking to hire a highly capable Civil Engineering Technologists to join our Design Production Team. Our Design Production Team (DPT) is an integral part of both our practice and the ability to deliver excellent service to our clients across Alberta.

As a Civil Engineering Technologist, you will be responsible for working alongside our team of engineering, planning and drafting specialists to translate high level conceptual designs from preliminary, through to detailed design. The entire spectrum of work is something that our DPT members navigate and explore every day. Specifically, you can expect to be involved in:

- Carrying out design drawing tasks and/or AutoCAD assignments
- Support engineering personnel in field with design, drawing production and/or construction specifications
- Ensuring quality control of your design production work
- Communicating with project leaders
- Performing a variety of defined assignments with independent judgment
- Advising and review of technical challenges
- Assisting with project timelines and ensuring deadlines are met

About You

Our ideal candidate will be an accredited Civil Engineering Technology program or equivalent. Those candidate with previous related work or coop experience will be given preference, however given the variety of project needs and a desire to find the right person to fit within our team, we will consider candidates with a range of experience, education, and background in: land development, transportation, and/or municipal infrastructure detailed design and production. In particular, we are looking for the following skills, strengths and interests:

- Proficiency in AutoCAD and Civil 3D (required)
- Proficiency with Microsoft Excel and other MS Office software
- Experience and understanding of GIS an asset
- Excellent drafting skills and knowledge of drawing set-up and production
- A keen eye for detail and take great pride in your work, in projects both large and small
- Effective communication and writing abilities
- Committed to ongoing personal and professional development
- Certification or eligible for certification with ASET
- Valid class 5 drivers license

About Us
