### **Position Overview**

We currently have a regular full time opening for a Design Technician to work as part of our Utilities Technical Services Section. You will be involved in the design of municipal engineering services with a focus on underground utilities.

Duties include design, layout, cost estimating, construction technical support for water, sanitary and storm systems, pump and pressure-reducing-valve stations, utilities and related projects.

### **Qualifications**

Applicants must possess a certificate in Civil Engineering Technology from a recognized technical institute and certification as a technician with the A.S.T.T. of BC, supplemented by experience in municipal design work. Proficiency with computer aided drafting design (AutoCAD Civil 3D) is required along with a valid BC Driver's Licence.

An equivalent combination of training and experience will also be considered.

### **Compensation**

The salary for this position is \$34.29 to \$40.48 per hour based on a 35-hour work week with an attractive fringe benefit package including a compressed work week.

We are looking for a passionate and results-oriented individual who has excellent interpersonal and communication skills. If you have what we're looking for and enjoy working in a fast paced environment with a group of enthusiastic and dedicated employees, we would like to hear from you. Please apply on-line with your cover letter and resume at [www.dnv.org/careers](http://www.dnv.org/careers) by August 21, 2018.

*We thank you for your interest in employment with the District of North Vancouver and advise that only those shortlisted for an interview will be contacted.*
