

Fire Service Technician

About us:

Vancouver Fire and Radius Security is B.C.'s leading provider of fire protection, fire safety and commercial security and monitoring. Established in 1948, we have built our success by investing in our people. A healthy work environment begins with mutual respect, accepting responsibility and, of course, having fun.

Key Responsibilities:

- Responsible for the complete and accurate inspection, testing and repair of various fire protection services & equipment on-site at customer locations
- Perform basic services: fire extinguishers, fire alarms, emergency lights and sprinkler systems, adhering to the ASTTBC regulations, BC Fire Code and Municipality guidelines
- Fulfill on-call repairs as required
- Complete and submit all required paperwork or electronic submissions daily

Skills & Qualifications:

- 1-2 years experience in the fire protection industry and/or at least two BCIT Courses completed in the areas of: fire extinguisher, fire alarm, emergency lighting & sprinkler systems.
- ASTTBC certification in extinguishers, emergency lights, fire alarm and/or sprinklers preferred.
- Proven electrical and/or mechanical aptitude & ability.
- Valid BC Driver's License; excellent driving record & clean driver's abstract provided. Willingness to complete basic driving test.

The Person:

- Excellent interpersonal skills
- Ability to build quality relationships to provide courteous customer service
- Proven desire & ability to take responsibility for one's own actions
- Adaptable, adjust to multiple demands, shifting priorities, ambiguity
- Shows resilience in the face of constraints

Benefits:

- A professional working environment
- A competitive salary, with opportunity for bonuses
- A comprehensive benefits package, including MSP, extended medical (with vision care), dental, short-term disability, life insurance, AD&D, travel insurance, EAP (counselling) coverage
- Group RRSP, with an employer matching program
- Monthly profit sharing
