## Quality Control Supervisor BC Ready Mix Division Competition #18-156

***Excellence. Integrity. Passion.***

*Since 1912, BURNCO has been supplying aggregate construction materials as a successful, family-run business based in Calgary. Over the last 106 years we have embraced innovative technology and new marketplaces while always maintaining the vision and values that were first introduced by our founder, James F. Burns. Today we continue our unwavering commitment to safety, our renewed focus on family leadership and our steady, dependable growth into the future. We look forward to having you join us on that journey.*

BURNCO is currently recruiting a **Quality Control Supervisor**. This is a full-time position based in Burnaby, BC within the BC Ready Mix Division, reporting directly to the District Manager and functionally to the Corporate Quality Assurance Manager.

### **Responsibilities:**

- Supervision of the Ready Mix Quality Control Team
- Review and analysis of all raw materials and product development
- Preparation and testing of new mix designs
- Assisting technical sales team with the preparation of mix submittals
- Working with external clients to handle any quality assurance concerns / issues
- On site investigation of quality issues, post job analysis, and audit of internal, client, and third party testing practices
- Training and guidance of clients, technical sales, and quality control technicians
- Writing letters and recommendations to answer questions relating to quality assurance
- Troubleshooting and making recommendations to maintain high quality ready mix product
- Keeping up to date on new technical developments
- Other duties as assigned by the District Manager or Corporate QA Manager

### **Qualifications:**

- Minimum of 5 years related experience, with at least 2 years in a supervisory capacity
- Technical education preferred, but candidates with directly related experience will be considered
- Strong knowledge of concrete testing procedures
- Strong working knowledge of standards related to concrete testing and analysis of raw materials – CSA, ASTM, ACI, CCIL
- Highly motivated and able to work with minimal supervision
- Ability to work in a team atmosphere and lead by example
- Must have excellent written and verbal communication skills
- Experience placing and finishing concrete is considered an asset
