

Construction Traffic Technician Temporary Full-Time

Contribute to making the District of North Vancouver a great place to live, work and play for generations to come. Stretching from Deep Cove in the east to the Capilano River Canyon in the west, the District of North Vancouver is characterized by innovative municipal government that maintains and enhances the quality of life for its residents and businesses. Fuelled by the District's award-winning Official Community Plan to build vibrant and sustainable communities for people of all ages and backgrounds, we are looking to fill this temporary, full-time position. A flexible, family-friendly employer with an inclusive work place culture, the District offers exciting career options, professional development opportunities and a competitive salary and benefits package. Work for an employer of choice, help build this North Shore community, and leave a lasting legacy. Come work for one of **BC's Top Employers** and contribute to making this a great place to work!

The District of North Vancouver has a temporary full-time opportunity available for a Construction Traffic Technician for one year with the possibility for extension. You will be part of the Construction Traffic Management team and will provide technical input and support on matters relating to construction traffic coordination, as well as compliance monitoring and enforcement of Highway Use Permit terms and conditions.

The work involves reviewing applications for Highway Use Permits, including temporary traffic management plans for issuance; determining appropriate permit conditions, monitoring compliance with and enforcement of Highway Use Permit conditions, using and maintaining construction coordination information systems, deploying Changeable Message Boards, responding to public enquiries and complaints; and providing technical advice for major infrastructure replacement projects. You have a track record of contributing to successful teams and will use your excellent communication skills to liaise with other departments in executing assignments. As part of a small team, you will exercise independent judgement and action and refer more complex problems and matters of policy to a supervisor. This work requires both office and field work.

The ideal candidate will have experience with:

- Traffic management principles
- Civil infrastructure construction and/or building construction
- Compliance monitoring and enforcement of permit terms and conditions and/or bylaws
- Negotiation with contractors/developers
- Coordinating multiple events with competing priorities

Two (2) years of successful experience in bylaw enforcement, and/or traffic management, and/or civil infrastructure or building construction, and/or graduation from a recognized college or institute of technology is preferred; or an equivalent combination of training and experience. Proficiency in the use of standard office software is essential. A valid B.C. Driver's Licence is also required.

The pay range for this unionized position is \$31.62 to \$37.23 per hour based on a 35-hour work week. If you have what we're looking for and thrive working in a fast paced environment with a group of enthusiastic and dedicated people, we want to hear from you. Please apply on-line at www.dnv.org/careers by September 7, 2018.

*We thank you for your interest in employment with the District of North Vancouver and advise that only those shortlisted for an interview will be contacted. **Those who have applied to this position in the last 6 months need not apply again.***
