

Career Opportunity

Position Title	Civil Engineering Technologist
Status	Full-time, permanent
Location	Courtenay, BC

Overview

McElhanney Consulting Services Ltd. seeks a *Civil Engineering Technologist* for our Courtenay branch. The successful candidate will use their strong technical skills on a variety of design and construction projects. In this role, you will have the opportunity to work on civil projects, construction inspections and reviews, and field and laboratory material testing.

This is a fantastic opportunity for a bright individual who is looking to gain experience in civil and surveying work in a well-established company. This tight-knit office provides civil, structural & geotechnical engineering consulting as well as surveying, materials testing and environmental services to the surrounding communities and beyond.

Responsibilities

- Assist in the production of engineering designs and drawings that meet all client and approval agency requirements and standards
- Multi-functional role, assisting with construction review and inspection of civil infrastructure works
- Assisting office civil design teams with design and as built drawings
- Cross functional work opportunities with our civil and structural engineering department assisting with municipal, land development and transportation projects
- Materials testing in field and laboratory (soils, concrete, asphalt both laboratory and field)

Requirements

- Diploma in Civil Engineering or Drafting related Technology with a minimum of 5 experience in municipal/civil design and construction inspections
- Registration or eligible for registration as an ASCT, or other technical accreditation, is an asset
- Knowledge or familiarity of AutoCAD or MicroStation is an asset
- Organized, good written and verbal communication skills, attention to detail, good attendance, good problem-solving skills, and general computer knowledge.
- Team work/collaboration and independent work ethic essential
- Able to travel in float planes and helicopters and interest in using ATV's, snowmobiles, snowshoes and skis
- Able to travel to and work in remote locations; some overtime will be required for this role
- Valid BC driver's license or equivalent.

If this is the opportunity for you, visit www.mcelhanney.com/careers to apply online. We thank all applicants for their interest; however, only shortlisted candidates will be contacted.

Established in 1910, McElhanney is a Canadian employee-owned company offering top-quality engineering, surveying, mapping, planning, landscape architecture, and environmental services. At McElhanney, you are working within a strong team that is well-established in the local industry. Our employees value working here because of our varied projects, high levels of autonomy, opportunities for career development, excellent total compensation and benefits package, and great team of professionals.

McElhanney is proud to be an **Employment Equity** employer.
