

# CIVIL INSPECTORS

When it comes to construction, you're a leader, not a follower. You can assess an active construction site with confidence. You know what quality work looks like and you're the first to spot a safety hazard. You're comfortable around equipment and you work well with contractors. You're straight to the point, but you listen too. You are forthright as you represent the project owner. You strive to make sure the job is done right the first time.

Binnie is looking for Civil Inspectors to join our Construction Services team which provides civil engineering construction services.

You will work on civil inspection projects in North Vancouver and around the Lower Mainland. You will be the main contact for the civil contractor during installation work, ensuring the construction meets the contract specifications and standards.

You will visit sites during construction and act as the liaison between the contractor and the client project lead. You will also work with the contractor to develop solutions to problems when they arise during construction.

## **YOUR ROLE:**

- Meeting with client local managers/inspectors to obtain the list of projects
- Ensuring all civil construction documents are in order
- Setting up and chairing pre-job meetings
- Completing inspections of contractor's work to ensure it meets contract specifications
- Noting any changes to design drawings
- Carrying out all work to meet WorkSafeBC regulations
- Ensuring construction Quality Control is maintained

## **WHAT YOU BRING:**

- 5 to 10 years of previous related work experience preferred
- Registration as an ASCT and/or CPWI preferred
- Valid Driver's License and personal vehicle for travel to job sites
- Familiarity with construction contracts
- Strong communication, organizational, and teamwork skills
- Ability to effectively prioritize and handle multiple assignments

## **ABOUT BINNIE:**

We are the people behind the infrastructure you use every day. We're small enough to know each other's names, and big enough to be where we're needed. As an employee-owned firm and one of Canada's Top 100 Employers, we take pride in our work and are respected as one of the top engineering firms in British Columbia. We support some of the most important infrastructure in the province and beyond.

We're looking for professionals who want to build careers and communities that last. We can't do it without you.

## **THE PERKS:**

People come first. We support you with the education, mentoring, and growth opportunities you need to build an interesting career. As an employee-owned firm, we create a clear internal growth path that can keep up with even the most ambitious professionals. We are connected from our field staff to each of our six offices and we support communication between all staff, and across all divisions. You'll be well connected to the rest of Binnie via phone, video conferencing, and our popular intranet. Whether it's joining a book club, or writing about your experience in the field, everyone can get involved in their own way.

Interested in this job?

Let us know why you want to work at Binnie, and why you would be a fit as our next Civil Inspector. Submit your application at [BINNIE.COM/CAREERS/](https://www.binnie.com/careers/)
