

District of North Saanich

SENIOR ENGINEERING TECHNOLOGIST

(\$40.55 - \$43.11 per hour)
(2016 rates)

The District of North Saanich invites applications for the full-time position of Senior Engineering Technologist. Working in the Infrastructure Services Department the Senior Engineering Technologist performs a variety of technical and supervisory engineering and subdivision planning tasks requiring the application of precise engineering knowledge and judgment gained through experience and formal technical training. Work is ordinarily performed under the general supervision and direction of the Director of Infrastructure Services. The Senior Engineering Technologist exercises considerable independence of judgment on technical engineering and subdivision servicing matters.

Applicants must be a graduate from an institute of recognized standing in civil engineering technology, membership in the Society of Applied Science Technologists and Technicians of B.C. together with an Applied Science Technologist (AScT) or Certified Engineering Technician (C.E.T.) designation and a minimum of ten years related experience in semi-professional work including some experience in a supervisory or leadership role. A valid B.C. Driver's Licence is also required.

This position is a Union position and is subject to the terms and conditions in the collective agreement between the District of North Saanich and the Canadian Union of Public Employees Local 374. More information on this opportunity, including a complete job description, is available for review in the Employment section of the North Saanich website <https://www.northsaanich.ca/employment> or email careers@northsaanich.ca

Applications may be submitted by e-mail or mail before **4:00 p.m. on Friday, September 21, 2018** to:

Curt Kingsley, Director of Corporate Services
