**BC Public Service
Ministry of Transportation and Infrastructure
Fort St John**

Area Manager, Bridges

Help ensure the safe and efficient movement of goods, services and people in BC's thriving Peace District

Salary \$61,665.45 - \$70,367.02 annually

Under the direction of the Operations Manager, the position administers the bridge maintenance program for an assigned portion of the District to ensure safety and convenience of the motoring public. The Area Manager, Bridges oversees and monitors the bridge maintenance program to ensure the work carried out by Maintenance Contractor in Service Area 22 is in accordance with the contractual agreement; performs other related duties as required including supervising junior area supervisors and technical crews; and may act for Operations Manager during absences.

You will be responsible as district bridge specialist to interact with ministry staff, maintenance contractor(s), other agencies, stakeholders, and the general public in relation to the district bridge program. You will perform detailed and routine inspections of structures within the district. In addition, you will oversee and monitor bridge maintenance programs to ensure work carried out by the contractor is in accordance contractual agreements. You may be asked for your expertise for the design, construction, inspection, renewal and maintenance of bridges and other structures in the district, as well as to manage and supervise minor projects.

If you are a self-motivated individual who is committed to safety, enjoys working in a team environment as well as on your own and have a background in construction and/or road maintenance, please consider this opportunity with the Ministry of Transportation.
