

Date: Dec 21, 2018

Position Available: Residential / Building Designer or Architectural Technologist

Draft on Site's Design Studio is currently seeking a Residential and/or Building Designer to join our team. You need to have experience and knowledge of Canadian, and preferably BC, Building Code.

This position will primarily involve designing and drafting wood frame projects ranging from minor renovations to new construction. You would be responsible for developing preliminary concepts from the descriptions in the initial proposal and conversations with the Clients as well as final drawings from preliminary designs that you may or not have had direct input into and even generating technical information with minimal guidance or supervision.

As an ideal candidate you are a graduate of a Certified Program in Residential and/or Building Design. You have excelled in Building Code and Building By-Law. You are interested working with new Building Technologies and exploring new Construction Techniques. You want to know about Net Zero and Passive House and are willing to get into debates about the pros and cons of each. You will stand by your ideals but are willing to update them as we all learn new skills and expand our knowledge.

The ideal candidate:

- Has 5+ years of experience designing residential wood frame projects
- Has completed a diploma in Residential / Building Design, Architectural Technologies or other equivalent
- Has the ability to conceptualize structural and architectural details in three dimensions
- Has experience completing permit sets for various municipalities.
- Has working knowledge of building codes in BC and VBBL
- Is proficient in design software, particularly AutoCAD and REVIT
- Is able to interact professionally with industry authorities, trades and consultants
- Has strong organization and multitasking skills, and is detail oriented
- Works well independently and as part of a team
- Is self-motivated and inquisitive

This is an excellent opportunity for an experienced design or drafting professional to be part of a dynamic, growth driven design studio. This full-time, permanent position requires a dedicated, highly motivated and fully engaged individual based at our Coquitlam office. We are offering a competitive compensation package plus an attractive benefits plan.

To explore this exciting opportunity further send us your resume and cover letter indicating your salary expectations in your cover letter. Please name your PDF files with your name and 2018. (ex. Bobmiller2018.pdf) and email them to exec@draftonsite.com.
