If you are civic minded and interested in making an impact on people and businesses on the beautiful North Shore, consider working for the District of North Vancouver.

Home to vast parkland and attractions including Grouse Mountain, Lynn Canyon and Capilano Suspension Bridge, the District is inspired by nature, and enriched by people. The District offers exciting professional development opportunities and a competitive total compensation package. We are a flexible, family-friendly employer with an earned time off program and an inclusive work-place culture. This is an exciting time to join the District, as we embark on a range of initiatives to transform digital service delivery, customer experience, and our approach to climate action.

Our Development Engineering Department has a 12-month temporary full-time opportunity, with possibility for extension, for a technician to provide engineering technical and administrative support. You will evaluate and process the engineering servicing aspects of development and building permit applications to ensure conformance with municipal engineering standards and requirements. You will require and administer legal agreements relating to engineering servicing and encroachments onto DNV property. You will liaise with the public, utility companies, contractors and staff in order to provide a variety of technical information and assistance; and prepare estimates and work order requests for the installation of water services, sewer connections and street work.

You are self-motivated and have the ability to perform a variety of technical, liaison and administrative tasks; prepare estimates; prepare statistical or written reports and correspondence; read and interpret plans, drawings, reports and specifications; make arithmetic computations and calculations; establish and maintain effective working relationships and excellent communication with the general public, developers, consultants, contractors and staff; and perform tasks with limited supervision. Your time management skills are strong and you are able find practical solutions to complex problems.

You have some post-secondary technical engineering education and sound technical experience. Preference will be given to candidates possessing a Technical Certificate or Diploma in civil engineering or a related field. Infrastructure construction experience is an asset. A valid BC Driver’s Licence is required.

The hourly pay range for these unionized positions is $34.98 to $41.29 based on a 35-hour work week.

If you are interested in this position, and have a passion to serve people and the community, we would like to hear from you. Please apply on-line with your cover letter and resume at www.dnv.org/careers. This competition will remain open until filled.

We wish to thank you for your interest in employment with the District of North Vancouver and advise that only shortlisted applicants will be contacted. Those who have applied to this position in the last 6 months need not apply again.
